

August 4 - Sept. 15

Art in the LIBRARY

Sponsored by
Creston Valley Arts Council
and Creston Public Library

Featuring the Art of...

Marion Evans

I enjoy painting in watercolors and acrylics which has been my medium for the last 20 years. This has been a wonderful hobby for me since I retired, I enjoy the sharing and support of fellow artist and I am a self-taught artist but have taken many workshops over the years which have been very helpful. Creston has been my home for 62 years and I'm still in awe of the beauty of our valley.

Carolyn Stone

My main interest is in the use of watercolour, a medium that has provided me with the flexibility to explore many styles from Impressionism to realistic paintings. I am always looking for the next challenge that pushes my abilities further and allows me to explore advanced techniques and processes while capturing beauty and colour.

Laura L. Leeder

A garden comes to life in artist Laura Leeder's watercolour and mixed media paintings. Using collage media and other techniques reminiscent of vintage art deco and stained glass, Laura's stylized flora and botanical paintings are elegant, timeless and expressive celebrations of nature with just a touch of whimsy.

Laura is a member of the Cross Country Seeing Artist Studio Tour. Visit the studios of 10 artists from August 4th, 5th and 6th from 10 am to 5 pm. Visit our website for more information:
